

Connecting your Textaparent.ie account with your School Administration System

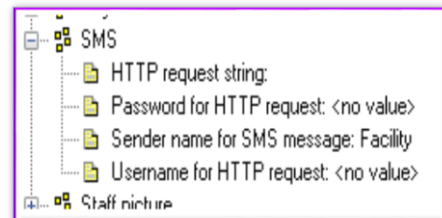

How to set up your Facility school admin system to use TextAParent.ie

- ❖ Log in to your TextaParent.ie account using the admin profile (P), once logged in, on the right hand side under your name, hit the down arrow, choose 'School Profile', then in the left menu choose 'API'.

- ❖ Hit the 'NEW SECRET' button if you have not already generated one .If you already have a secret generated then copy this key.

- ❖ Go to your Facility system
- ❖ Go to Options > Configuration > Master
- ❖ Scroll to the SMS Section
- ❖ In the HTTP request string enter the following

[https://app.textaparent.ie/api/new_message?rollnum=<<](https://app.textaparent.ie/api/new_message?rollnum=<<<USERNAME>>>&secret=<<<PASSWORD>>>&recipients=<<<NUMBER>>>&body=<<<MESSAGE>>>&sender=<<<FROM>>>)

- ❖ In the Password option enter the API Secret that you have recorded from TextaParent
- ❖ In the Sender Name enter any value that you wish
- ❖ In the Username entry put in your school roll number that you use to log into TextaParent

You should now be able to send SMS messages from your Facility system via TextaParent.

If you have any questions please contact your system administrator.

Please note that your credit balance must be maintained through your TextaParent.ie account.
