Textaparent.ie makes it easy to send text messages to students or parents in seconds. Inform your staff, students and parents of emergency closures, important reminders and school events.

Textaparent.ie can be used from any device with internet access.

Over 3,000 schools use Textaparent.ie on a weekly basis. We recently launched an upgraded version of TextaParent.ie to schools.

Textaparent.ie is an easy to use system for communicating with parents and staff. The text log provides us with a useful record which can also be used as a framework for making the school calendar. Furthermore, the service has greatly reduced the amount of time and money spent on photocopying.

Check Single Number Delivery

You can now check all delivery to one particular number. You can export a copy of all messages sent to one number or all numbers.
